Methodology

The data in this report is gathered from 101 counties in the Missouri Balance of State (BoS) Continuum of Care (CoC). Social service agencies and community volunteers in each county complete a survey for each unsheltered homeless individual and family located in the CoC. Unsheltered homeless is defined by the U.S. Department of Housing and Urban Development (HUD) as “An individual or family who lacks a fixed, regular, and adequate nighttime residence, meaning: Sleeping in a place not designed for or ordinarily used as a regular sleeping accommodation, including a car, park, abandoned building, bus or train station, airport, camping ground or other place not meant for human habitation.”

In addition, sheltered data is gathered from social service agencies and organizations providing shelter (emergency shelter, safe haven, transitional housing and hotel/motel vouchers paid for by charitable organizations) to homeless individuals and families within the BoS CoC. Together, the sheltered and unsheltered data make up the total number of homeless individuals and families in the BoS CoC.

When tabulating data for unsheltered homeless persons, age, gender and race percentages were calculated using the total of all unsheltered persons surveyed. The Veteran percentages were calculated using the total of all unsheltered adults surveyed, including transition age youth 18-24. The subpopulation categories of disability, those actively fleeing domestic violence, chronic homelessness, severe mental illness and substance use disorder were calculated using the total of all adults, including transition age youth 18-24. Information reported by those surveyed in accordance with HUD definitions. The Youth percentages were calculated using the total of all youth, including transition-age youth.

When tabulating data for reasons for homelessness, individuals may have reported more than one factor or may have elected not to respond to this question. This information is not reported to HUD but can help improve community planning.

When tabulating data for sheltered homeless persons, age, gender and race percentages were calculated using the total of all sheltered persons. The disability, those fleeing domestic violence, and Veteran percentages were calculated using the total of all sheltered adults, including transition age youth 18-24.

Chronically homeless percentages were calculated using the total of all households sheltered to account for both chronically homeless individuals and chronically homeless families. Unaccompanied youth percentages were calculated using the total number of children and transition age youth under 24, living in sheltered situations without a parent or legal guardian.

The “unknown/no…” category was used to represent information unknown at the time of entry into a shelter program or answers left blank or marked “no” on the survey administered to unsheltered homeless individuals and families.

Individuals surveyed may be represented in more than one disability category. Individuals may have more than one disability documented; therefore, the totals in the disability sections of the unsheltered or sheltered responses may not equal 100 percent.

Although the Balance of State recognizes doubled-up individuals and families in the report, the numbers are not reported to HUD due to the federal definition of homelessness. Further, agencies assisting with the count are not required to actively seek information on doubled-up individuals and families.

The numbers in the following report may vary slightly from those reported to HUD in May 2016 due to HUD data quality requirements and the legal definition of homelessness.

For more information on the Point-in-Time Count, please visit the Governor’s Committee to End Homelessness (GCEH) website at www.endhomelessnessmo.org.
Missouri Balance of State Region Totals

Total Number of Persons:

- Unsheltered: 374
- Sheltered: 1,056
- Total: 1,430

Number of sheltered and unsheltered homeless persons by region:

- Region One: 127
- Region Two: 27
- Region Three: 60
- Region Four: 255
- Region Five: 441
- Region Six: 148
- Region Seven: 104
- Region Eight: 70
- Region Nine: 112
- Region Ten: 106

Number of households:

- Unsheltered: 265
- Sheltered: 732
- Total: 997

  - 22% African American
  - 1% All Other Races

Of youth households are parenting at least one child
Balance of State Quick Facts

**Regions (highest to lowest homeless totals):**

1. Region Five: 441 people, 371 households
2. Region Four: 235 people, 134 households
3. Region Six: 148 people, 92 households
4. Region One: 127 people, 91 households
5. Region Nine: 112 people, 62 households
6. Region Ten: 106 people, 75 households
7. Region Seven: 104 people, 76 households
8. Region Eight: 70 people, 46 households
9. Region Three: 60 people, 29 households
10. Region Two: 27 people, 21 households

**10 Counties with Highest Homelessness Totals:**

1. Boone: Region Five
2. Clay: Region Four
3. Butler: Region Seven
4. Cole: Region Five
5. Scott: Region Six
6. Cape Girardeau: Region One
7. Platte: Region Four
8. Phelps: Region Five
9. Polk: Region Nine
10. Dunklin: Region Six

From 2015 to 2016 PITC data shows that there was a 221 person decrease in the reported sheltered and unsheltered numbers.

Seven out of ten BoS regions reported a decline in overall homeless populations from 2015: 1,3,4,5,8,9,10

Regions two, six, and seven both reported increases in total sheltered and unsheltered populations.

Thirty Counties reported having both sheltered and unsheltered populations.

Zero Unsheltered or Sheltered households reported in 44 of 101 counties.
