

MTSP MAXIMUM INCOME / RENT SCHEDULE

Missouri Housing Development Commission

Income figures prepared from HUD limits dated 03/19/2009

FMRs effective 10/01/2009

Notes:

The MTSP (Multifamily Tax Subsidy Project) Maximum Income/Maximum Rent Schedule pertains to income and rent limits established for the following programs: 9% LIHTC and 4% LIHTC for properties placed in service after 12/31/2008, HOME, Fund Balance, MHDC - issued Bonds, Trust Fund, and ADDI.

If any utilities are paid directly by the tenant, the maximum rent must be reduced by a utility allowance similar to the procedures for making such adjustments under Section 8 of the United States Housing Act of 1937.

150% income limits are provided for MHDC Fund Balance and MHDC-issued bond programs: The limits reported are the greater of 150% of area median income or 150% of statewide median income according to MHDC policy.

* Developments financed with 9% low income housing tax credits (LIHTC) and located in rural areas (as defined in Section 520 of the Housing Act of 1949) are eligible to use the greater of area median gross income or national non-metropolitan median income as allowed under the Housing & Economic Recovery Act of 2008 effective July 31, 2008. To determine which 9% LIHTC limit applies to a specific property, visit <http://eligibility.sc.egov.usda.gov/eligibility/welcomeAction.do?pageAction=sfp&NavKey=property@12>, and click on the State of Missouri. Properties located in areas classified as "eligible" for USDA programs at this website are in designated rural areas and may use the 9% LIHTC Rural limits. Properties classified as "ineligible" for USDA programs are considered metropolitan and must use the 9% LIHTC Urban limits. HOME-assisted units in 9% LIHTC rural properties must follow the limits categorized as HOME.
