INTRODUCTION

This document is a Request for Proposal (RFP) to provide construction inspection services for the Missouri Housing Development Commission (MHDC). The goal of this RFP is to identify one or more qualified construction inspectors (Construction Inspector) to contract with MHDC to perform inspections during the construction of new as well as rehabilitated single family and multi-family housing structures. Through on-site inspections, the Construction Inspector will review construction progress and quality, examine contractor-generated documents, and report findings to MHDC through field reports and regular communication.

As the provider of construction and permanent financing for the development of housing in the state of Missouri, MHDC requires project architects, contractors and developers to follow local code requirements and specific guidelines established by MHDC and the federal government for safety, accessibility, adaptability, and quality. The Construction Inspector will represent MHDC and be responsible to MHDC for the services provided.

MISSOURI HOUSING DEVELOPMENT COMMISSION OVERVIEW

The Missouri Housing Development Commission (MHDC) was created in 1969 by the General Assembly and is an instrumentality of the state of Missouri, which constitutes a body corporate and politic. MHDC administers, and provides financing for, the construction of affordable housing. The Commission also provides funding for home loans to qualified, first-time buyers through a network of certified, private mortgage lenders. Mortgage financing is facilitated through the sale of mortgage-backed securities and through the sale of tax-exempt bonds that the Commission is authorized to issue.

The Commission administers the federal and Missouri Low-Income Housing Tax Credit (LIHTC) programs, the Affordable Housing Assistance Program Tax Credit (AHAP), federal HOME funds, and the direct funding of several housing assistance programs. Further, the Commission administers homeless assistance funds for permanent housing in an effort to end homelessness in Missouri. The Commission also provides advisory, consultative, training and educational services to non-profit housing organizations. MHDC's authority is derived from Chapter 215 of the RSMO, as amended and supplemented. Chapter 215 provides general information about the Commission and is available on-line at:

<http://www.moga.mo.gov/mostatutes/ChaptersIndex/chaptIndex215.html>. Further, information about the Commission and its programs is available on the Commission's website at www.mhdc.com.
