SECTION I: INTRODUCTORY INFORMATION

**Missouri Housing
Development
Commission:**

The Missouri Housing Development Commission (“MHDC” or the “Commission”) is a governmental instrumentality of the state of Missouri and a body corporate and politic. In 1969, the 75th General Assembly of Missouri, in the face of a general housing shortage severely affecting low and moderate income persons, established the Commission in order to increase the availability of decent, safe and sanitary housing at prices within the means of low and moderate income persons. The Commission’s authority is derived from Chapter 215 of the Revised Statutes of Missouri, as amended and supplemented. Chapter 215 provides general information about the Commission and is available on-line at: <http://www.moga.mo.gov/mostatutes/chapters/chapText215.html>

Further information about the Commission and its programs is available on the Commission’s website at www.mhdc.com.

Purpose of RFP:

The purpose of this Request for Qualifications and Proposals (“RFP”) is to request proposals from qualified independent accounting firms for audit and accounting services.

Scope of Service:

Services to be provided include the annual audit of the Commission’s financial statements, annual audit of the Missouri Housing Trust Fund’s financial statements, and annual Single Audit of federal financial assistance including preparation of the Data Collection Form. In addition, each audit will incorporate observation of internal control procedures and advisory consultation regarding professional regulatory agency updates (GASB, etc.). Included in the Appendix 1 are copies of the above referenced financial reports for the year ended June 30, 2017.

Term of Service:

It is anticipated that the selected firm will be retained by the Commission for five years commencing with the fiscal year end June 30, 2018 audits. **MHDC reserves the right, at its sole discretion, to end the term of service for any firm selected pursuant to this RFP, at any time prior to the expiration of the stated term of service. This right reserved to MHDC to remove a firm is a unilateral right in the sole discretion of MHDC and may be undertaken at any time with or without cause. Selection of a firm to be added at such time may be made from among respondents to this RFP or pursuant to such other selection process as MHDC shall determine at that time.**

Submission of Proposal:

Completed proposals must be submitted to the Commission electronically by the proposal due date. Prospective bidders shall transmit completed proposals to the Commission by email to mlappin@mhdc.com in PDF file format along with the spreadsheet listing in Excel file format of the bidding firm’s owners pursuant to Section VI.1. The “Subject” line of the email should state “[insert firm name] Proposal for Audit and Accounting Services.”

Proposal Due Date: **November 29, 2017 by Noon Central Time**

Anticipated Timetable for RFP and Proposals:

Release RFP	November 20, 2017
Proposals Due	November 29, 2017
Evaluation Committee Recommendation	TBD - estimated Dec. 2017
Selection by Commissioners	TBD - estimated Dec. 2017

SECTION II: PROCEDURES AND INSTRUCTIONS

Questions:

The Commission will provide responses to inquiries submitted by firms to the Commission’s contact person, Marilyn Lappin. All questions must be submitted in writing via email to Ms. Lappin at mlappin@mhdc.com and received no later than November 22, 2017, 3:00 p.m. CT. The “Subject” line of the email should be, “2018 RFP Audit and Accounting Services Questions.” Questions submitted after the deadline will not receive a response. Responses will be provided by November 27, 2017, 1:00 p.m. CT to all interested bidders that have provided an email address to Ms. Lappin prior to the above deadline for the submission of questions.

All inquiries must be submitted by email, citing the particular proposal section and paragraph number. Proposers should note that all clarifications and exceptions are to be resolved prior to submission of the proposal.

Standards of Conduct:

Please refer to the Commission’s “Standards of Conduct” Policy for information regarding contact with MHDC commissioners or staff in connection with this RFP, necessary disclosures thereunder and other policies regulating the actions of interested parties, employees and commissioners during a competitive matter. The Commission’s Standards of Conduct Policy is available on MHDC’s website at www.mhdc.com.

Furthermore, pursuant to the Standards of Conduct, any Response under this RFP shall disclose the name of the individual, entity and/or entities having ownership interests in the Respondent as set forth in Section VI.1.

Modifications to Proposals: No Respondent may modify or correct its Proposal any time after the Proposal Due Date, except in direct response to a request from the Commission for clarification.

Revisions to this RFP: In the event that it becomes necessary to revise any part of the RFP, the Commission will provide an addendum to each firm receiving this RFP. Any additional information required to clarify portions of this RFP will be issued in the form of an addendum.

Expense of Preparation of Proposals: The Commission is not responsible for any expense incurred in preparing and submitting a Proposal, or taking any action in connection with the selection process, or for the costs of any services performed in connection with submission of a Proposal.

Reservation of Rights: The Commission reserves the right to conduct any investigation of the qualifications of any firm that it deems appropriate; negotiate modifications to any of the items proposed in the Proposal; request additional information from any firm; reject any or all Proposals; and waive any irregularities in any Proposal. **The Commission retains the right to negotiate the fees and compensation arrangements for its audit and accounting services.** The engagement described in this RFP is not exclusive and MHDC expressly retains the right at any time to retain any other firm or firms to provide other audit and accounting services without violating the engagement contemplated by this RFP.

Public Records: Firms responding to this RFP should be aware that the Proposals are public records in accordance with state law, after the evaluation and selection process is completed.

Visits and Interviews All firms responding to this RFP must be prepared to schedule a visit to its offices or to another location upon request by the Commission. In addition, firms responding to this RFP may be interviewed by the Audit Committee as a part of the selection process.

SECTION III: BACKGROUND INFORMATION

The Commission's basic accounting records are currently maintained on Microsoft Dynamics GP 2016. Monthly financial statements, including financial statements by program, and certain other supplemental reports and schedules are produced. The Commission staff time is limited, but staff will be available to provide assistance in preparing confirmations, preparing schedules, retrieving and reproducing documents. Commission staff typically prepares numerous schedules in advance of year-end field-work. The Commission staff expects the audit firm selected to assist them in keeping apprised of developments and requirements of the professional regulatory agencies (GASB, etc.). The audited financial statement reports are drafted by Commission staff with final printing provided by the independent accounting firm.

During the audit process, it is important that the firm selected meet with the Commission's Audit Committee, as requested, at least twice a year, once during the planning period and again to present the draft reports. Such meetings may be held at various locations throughout the state.

The Commission's fiscal year ends June 30th. Planning and interim audit work is generally completed in late May/early June in MHDC's Kansas City office. Detail work related to federal financial assistance programs administered by MHDC's St. Louis office is generally conducted in July. Year-end field work conducted in the Kansas City office typically begins the first week of August and concludes in three to four weeks. The Commission requires the audit to be completed and filed within 90 days from fiscal year end. The Commission requires completed clean audit drafts in time for its Audit Committee/board package mail-out in early September with presentation at the Audit Committee/Board of Commissioner's meeting. Formally sharing the audit results and draft reports with the Commission's Audit Committee and Board of Commissioners, if requested, is an important part of finalizing the audit process. Final reports are to be delivered to the Commission in hard copy and electronic format prior to September 28th.

SECTION IV: STRUCTURE OF PROPOSAL

- A. Each Proposal shall include a transmittal letter signed by an authorized representative of the firm. In the transmittal letter the firm shall certify (i) that no elected or appointed official or employee of the Commission is financially interested, directly or indirectly, in the performance of the services specified in the RFP, (ii) that the information included in the Proposal is true and correct to the best of its knowledge and (iii) that the person signing the transmittal letter is authorized to execute the Proposal on behalf of the firm.
- B. Proposals should be organized in the same manner as the individual information request contained in **Section VI: Proposal Details**. Responses to each numbered question shall begin on a separate page (e.g., answers to Question 2 should begin on a separate page from the response to Question 1).
- C. The Commission desires to consider Proposals in a consistent and easily comparable format as established in this RFP. Proposals not organized as set forth in this RFP may, at the Commission's discretion, be considered unresponsive. Do not refer to other parts of your Proposal in lieu of answering a specific question. Do not provide references to filings or forms publicly available, including on the firm's website or in publicly available sources, in lieu of providing specific information in the Proposal.
- D. Exhibits containing additional information may be attached to provide a more detailed response to a question, but only if clearly identifiable as a response to a specific question.

SECTION V: MINIMUM QUALIFICATIONS OF RESPONDENT

- A. The Respondent must:
- 1) be actively engaged in providing audit services to clients who issue public debt in individual offerings greater than \$25 million
 - 2) currently provide financial audit and federal single audit services to state, county, city or other government entities, housing authorities, or non-profit housing entities with assets greater than \$500 million
 - 3) have substantial depth and knowledge and experience with mortgage lenders and commercial banks
 - 4) have full time equivalent staff of more than 50 employees
 - 5) conform to the independence standard promulgated in the General Accounting Office's *Government Auditing Standards*.

SECTION VI: PROPOSAL DETAILS

Firms responding to this RFP should prepare clear and complete responses to each of the following questions and information requests. Brevity and clarity of responses will be appreciated.

1. Profile of the Firm. Describe your firm and its areas of expertise. State whether your firm is local, regional or national. Give the location of the office from which the work is to be performed and the number of partners, managers, supervisors, and other professional staff employed at that office. As applicable, describe the decision making authority of the local office and its relationship to national, regional, or other headquarter offices of your firm. Describe how your firm meets the minimum qualifications listed in Section V.

Pursuant to the Standards of Conduct (see Section II of this RFP), any response under this RFP shall disclose the name of the individual, entity and/or entities having ownership interests in the Respondent. All entities identified in this disclosure shall be reduced to their human being level irrespective of the number of entity layers which may be present for any disclosed entity. Notwithstanding the previous sentence, to the extent any Respondent under this RFP is a publicly traded corporation, such a Respondent may limit this disclosure to all board members, officers (and other key employees) and any shareholders owning or controlling ten percent (10%) or more of the corporation. For purposes of providing firm ownership information, please complete Appendix 2 in spreadsheet format to include a listing of your firm's owners/shareholders. Questions regarding these requirements or any other requirements or restrictions imposed by the Standards of Conduct may be directed to the Commission's General Counsel, Katherine (Katie) Jeter-Boldt, by phone at 816-759-6835 or email at kjeterboldt@mhdc.com.

2. Contact Person and Staffing. Provide the name, address, phone number, fax number and email address of the primary contact person for your firm's proposal. Identify the key personnel to be assigned the Commission's engagement, including supervisory personnel and staff from other than the local office. Resumes for each supervisory person to be assigned to the audit should be included and specific experience should be indicated. The resumes may be included as an appendix. Describe your policy regarding notification of changes in key engagement personnel and expectations regarding staff continuity.

3. Scope of Services. Clearly describe the scope of the required services to be provided. Assuming that the requested services include an examination of MHDC's and Missouri Housing Trust Fund's financial statements, a single audit of federal financial assistance and observation of procedures in conjunction with the audits, define the scope of services to be provided in those terms.
4. Audit and Accounting Services. Clearly describe your firm's approach to conducting the examination. Discuss your philosophy of providing audit services to the client, including annual financial audits and single audits along with other accounting services.
5. Qualifications and Experience. Describe your relevant work with financial institutions, real estate, other housing finance agencies and government organizations for which the Single Audit was performed. Describe the range of activities performed by the local office that will provide services to MHDC in the governmental area such as audit, accounting or management consulting services. Indicate if your firm is a member of the AICPA Governmental Audit Quality Center (GAQC).
6. Audit Reports. The audit reports provided by your firm are expected to be similar to those included among the enclosures. If your firm has any discomfort with this, in terms of format, accounting treatment or disclosure, please discuss this and describe what you would require in the way of changes.
7. Peer Review. Include a copy of your firm's most recent peer review report. Provide results of any relevant external quality control reviews, including peer reviews, completed in the last five years.
8. Litigation, Investigations and Regulatory Proceedings. Describe any federal or state pending investigation, litigation, recent settlements or regulatory sanctions in performing auditing and/or accounting services over the last five years regarding your firm and any members or employees of the firm. Give sufficient detail for evaluation.

Indicate whether during the last five years the firm or any of its members or employees have been disciplined by the Missouri State Board of Accountancy (or any other professional licensing or regulatory board, wherever located), and if so, describe the circumstances.

Indicate whether the firm or any of its members or employees have been involved as a party to any litigation or as an expert witness in any litigations involving as a party the State of Missouri or one of its agencies, over the last five years and if so, describe the circumstances.

If necessary, responses to this question may be included in as a separate appendix to the proposal.

9. References. Provide the names, contact person(s) and phone numbers for up to three references each for financial audit and single audit work most similar to the Commission's. The same references may be used for both the financial and single audits.
10. Special Strengths. Describe any special strengths or capabilities of your firm. Give any additional information considered essential to this proposal, including involvement in state and local government organizations, seminars, special services offered, etc.

Publications of your firm, such as directories, articles, and lists of clients may be included but should not be voluminous. As may be applicable, describe the firm's presence of offices or headquarters in Missouri, the number of employees of the firm within Missouri, the firm's status as a minority or woman-owned firm or any other special services or assistance your firm may provide to MHDC that you believe may be relevant to or helpful to MHDC for its audit and accounting services. Describe the minority representation of personnel within your firm and the involvement of any minority persons or firms that would be assisting in any capacity with providing services to MHDC. Indicate if there would be a joint venture with a minority or woman-owned firm through a third party contract for part of the services.

If there is a joint venture with a minority or woman-owned firm, questions # 1, 2, 5, 7 and 8 should also be completed for the minority/woman-owned firm.

11. Proposed Fees. Discuss your philosophy of establishing fees for the services described in questions #3 and 4 above and the effect of the five-year service period. Provide the proposed fee structure for the annual audits, including start-up costs, if any, and list in a chart for each of the years of service contemplated by this RFP (sample chart depicted below).

	MHDC	Trust Fund	Single Audit	Total fees
FY2018				
FY2019				
FY2020				
FY2021				
FY2022				

For purposes of the Single Audit, please state your firm's fees assuming one major program. Indicate the additional fees that will be charged for each additional major program based on the programs as included on the Commission's fiscal year 2017 Schedule of Expenditures of Federal Awards included in Appendix 1. For any new programs state how such fee will be determined.

State whether the proposed fees include expenses, or whether expenses will be charged separately. If expenses are to be charged separately, please state how such expenses will be determined and whether there is a minimum or maximum expense amount. Describe your approach and method of communication for fee and expense adjustments, if any.

12. Federal Work Authorization Program. Pursuant to Mo.Rev.Stat. §285.530.2, the firm selected pursuant to this RFP shall provide MHDC with an affidavit stating that the firm does not employ any person who is an unauthorized alien in conjunction with the contracted services, and that the firm is enrolled in and participating in a federal work authorization program with respect to the employees working in connection with the contracted services. Prior to execution of any agreement contemplated herein, the firm shall provide evidence of participation in a federal work authorization program. Questions regarding this requirement may be directed to the Commission's General Counsel, Katherine (Katie) Jeter-Boldt, by phone at 816-759-6835 or email at kjeterboldt@mhdc.com. **In your proposal, please indicate whether your firm is currently enrolled in and participating in a federal work authorization program such as E-Verify.**

SECTION VII: EVALUATION CRITERIA

The qualifications of the firms submitting proposals will be reviewed by Commission staff and it is possible that a number of the firms may be invited to make presentations to the Audit Committee. The principal factor in the selection of an independent auditor is the auditor's ability to perform a quality audit. The criteria to be used in evaluating the Proposals will include, but are not limited to, the following:

- Qualifications, capabilities and expertise of the firm and proposed staff.
- Relevant prior experience (relevant state work or work with large county or city housing authorities preferred; size of compliance audit clients also considered).
- The firm's capacity to perform the services described under Scope of Services above in a prompt, responsive manner with excellent quality of work product.
- Feedback obtained from references.
- The location, extent and capabilities of the firm's offices and employees in Missouri.
- The Commission's prior experiences, if any, with the firm and any other factors the Commission believes would be in its best interest to consider.
- Related disciplinary actions, investigations, regulatory proceedings and litigation involving the firm will be taken into account, depending upon the nature and significance of the proceedings.
- Special capabilities of the firm, including special strengths as described in Section VI question #10.
- Proposed fees and charges for services.

There is no additional information requested. Thank you for reviewing this RFP. We look forward to your response.

Independent Auditors' Report

The Commissioners
Missouri Housing Development Commission
Kansas City, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of the Missouri Housing Development Commission, as of and for the years ended June 30, 2017 and 2016, and the related notes to the financial statements, which collectively comprise the Missouri Housing Development Commission's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Missouri Housing Development Commission as of June 30, 2017 and 2016, and the results of its operations and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of Commission's proportionate share of the net pension liability and schedule of Commission's contributions on pages 4 through 14 and 55 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the basic financial statements that collectively comprise the Missouri Housing Development Commission's financial statements. The accompanying supplementary information, which includes the combining statement of net position; combining statement of net position multifamily bond-financed programs; combining statement of net position single family bond-financed programs; combining statement of revenues, expenses and changes in net position; combining statement of revenues, expenses and changes in net position multifamily bond-financed programs; combining statement of revenues, expenses and changes in net position single family bond-financed programs; as well as the schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management, and was derived from, and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required By *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 13, 2017 on our consideration of the Missouri Housing Development Commission's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Missouri Housing Development Commission's internal control over financial reporting and compliance.

MISSOURI HOUSING DEVELOPMENT COMMISSION

MANAGEMENT'S DISCUSSION AND ANALYSIS For The Years Ended June 30, 2017 And 2016

Management's discussion and analysis provides an overview of the financial activities of the Missouri Housing Development Commission (Commission) and its financial performance for the fiscal years ended June 30, 2017 and 2016. Please read it in conjunction with the Commission's financial statements and accompanying notes.

Introduction - Missouri Housing Development Commission

The Missouri Housing Development Commission was established by the 75th Missouri General Assembly in 1969 and is the housing finance agency for the state of Missouri (State). The Commission is self-supporting and does not draw upon the general taxing authority of the State. The Commission secures resources through the sale of bonds and notes and through the sale of mortgage assets, for the purposes of financing owner-occupied residential mortgage loans for lower and moderate-income persons and providing construction and long-term financing for rental developments to be occupied by lower and moderate-income persons. The Commission's net position is also a source of funding for such loans and other housing-related programs.

The Commission conducts other programs related to its housing finance activities, including administering the Missouri Housing Trust Fund, the Missouri Affordable Housing Assistance Program and the federal and state housing tax credits for the State. The Commission also administers federal assistance programs, including the HOME Investment Partnerships Program and contracts for the Project Based Section 8 program, which provide rental subsidies.

Overview of the Financial Statements

This annual financial report consists of three parts: management's discussion and analysis; the basic financial statements, including notes to the financial statements; and required and other supplementary information. The basic financial statements include the statement of net position, the statement of revenues, expenses, and changes in net position, and the statement of cash flows. The Commission is a self-supporting entity and follows enterprise fund reporting, using the accrual basis of accounting. Enterprise fund statements offer short and long-term financial information about the activities and operations of the Commission.

2017 Financial Highlights

- Total assets were \$1.9 billion, an increase of 1.1% from June 30, 2016. The growth in assets primarily reflects an increase in single family mortgage investments for which new production exceeded loan paydowns, prepayments and mortgage asset sales.
- Fiscal year 2017 mortgage investment purchases and originations totaled \$252.4 million as compared to \$259.1 million in fiscal year 2016. Proceeds from the sale of mortgage assets and principal repayments on mortgage assets totaled \$194.4 million in fiscal year 2017 as compared to \$140.7 million in fiscal year 2016.
- Revenue bonds issued totaled \$217.4 million in fiscal year 2017 and totaled \$219.1 million in fiscal year 2016.
- Total revenues were \$198.2 million in fiscal year 2017. Excluding the net change in fair value of investments, total revenues were \$227.4 million in fiscal year 2017, representing an increase of 1.2% from fiscal year 2016. Revenues from federal programs were \$158.0 million in fiscal year 2017 as compared to \$158.4 million in fiscal year 2016.
- Net operating income, excluding the net change in fair value of investments, was \$23.8 million in fiscal year 2017 as compared to \$27.6 million in fiscal year 2016. Excluding federal programs and the net change in fair value of investments, net operating income was \$18.4 million in fiscal year 2017 as compared to \$17.0 million in fiscal year 2016.
- Net position decreased \$5.4 million (.7%) as of June 30, 2017. Excluding the change in fair value of investments, net position increased \$22.9 million (3.25%) as of June 30, 2017.

2016 Financial Highlights

- Total assets were \$1.9 billion, an increase of 6.5% from June 30, 2015. The growth in assets primarily reflects an increase in single family mortgage investments for which new production exceeded loan paydowns and prepayments.
- Fiscal year 2016 mortgage investment purchases and originations totaled \$259.1 million as compared to \$162.1 million in fiscal year 2015. Proceeds from the sale of mortgage assets and principal repayments on mortgage assets totaled \$140.7 million in fiscal year 2016 as compared to \$141.8 million in fiscal year 2015.
- Revenue bonds issued totaled \$219.1 million in fiscal year 2016 and totaled \$162.7 million in fiscal year 2015.

MISSOURI HOUSING DEVELOPMENT COMMISSION

Management's Discussion and Analysis (*Continued*)

- Total revenues were \$228.6 million in fiscal year 2016, an increase of 5.2% from fiscal year 2015. Excluding the net change in fair value of investments, total revenues were \$224.8 million in fiscal year 2016, representing an increase of 3.3%. Revenues from federal programs were \$158.4 million in fiscal year 2016 as compared to \$151.9 million in fiscal year 2015.
- Net operating income, excluding the net change in fair value of investments, was \$27.6 million in fiscal year 2016 as compared to \$20.3 million in fiscal year 2015. Excluding federal programs and the net change in fair value of investments, net operating income was \$17.0 million in fiscal year 2016 as compared to \$15.2 million in fiscal year 2015.
- Net position increased \$31.4 million (4.3%) as of June 30, 2016. Excluding the change in fair value of investments, net position increased \$27.1 million (4.01%) as of June 30, 2016.

The Commission has maintained a general obligation issuer credit rating from Standard and Poor's Ratings Services of AA+ with a stable outlook. This rating was affirmed July 26, 2017.

Investments

Investments consist of U.S. government and agency fixed rate securities and a guaranteed investment agreement contract that terminated during fiscal year 2017. The Commission's investment policy emphasizes preservation of principal. At June 30, 2017, the Commission had \$376.5 million in investments as compared to \$365.3 million at June 30, 2016 and \$368.5 million at June 30, 2015.

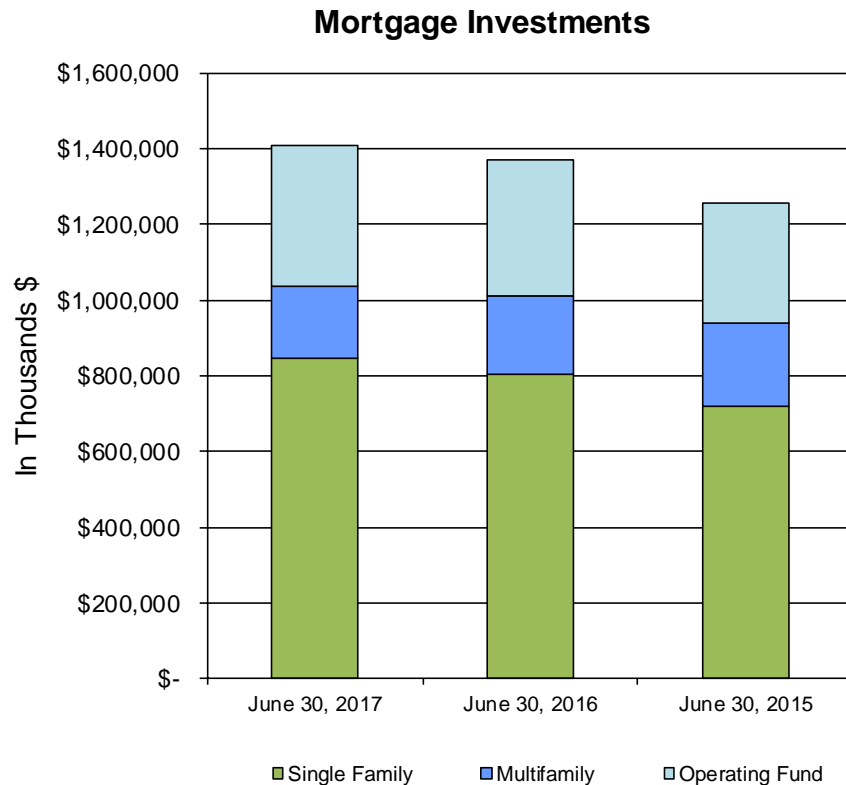

Mortgage Investments

The Commission's mortgage investments increased 2.6% and 9.3% during fiscal years 2017 and 2016, respectively. Mortgage investments comprise 74.5% of the Commission's total assets at June 30, 2017, as compared to 73.4% at June 30, 2016 and 71.6% at June 30, 2015. Government National Mortgage Association (GNMA), Federal National Mortgage Association (Fannie Mae) and Federal Home Loan Mortgage Corporation (Freddie Mac) mortgage-backed securities (MBS) comprise 62.7% of the Commission's mortgage investments at June 30, 2017, compared to 61.6% at June 30, 2016 and 59.1% at June 30, 2015. In fiscal year 2017 new loans totaled \$252.4 million, with prepayment activity, mortgage asset sales and change in fair value resulting in a net increase of \$35.3 million in the mortgage investment portfolio as reported. In fiscal year 2016 new loans totaled \$259.1 million, with prepayment activity and change in fair value resulting in a net increase of \$116.3 million in the mortgage investment portfolio as reported. The Commission's loan portfolio is low-risk, with over 99% of the homeownership loan portfolio being GNMA, Fannie Mae and Freddie Mac MBS and a significant portion of its bond-financed multifamily loan portfolio backed by Federal Housing Administration (FHA) insurance, including Risk-Share loans. The Commission's loan loss reserve is 3.0% of total mortgage investments at June 30, 2017 (3.1% at June 30, 2016, and 3.4% at June 30, 2015), which is allocated to uninsured loans, Risk-Share loans and related accrued interest on such loans.

Management's Discussion and Analysis (Continued)

The mix of mortgage investments among operating fund loans, multifamily bond-financed programs and single family bond-financed programs at June 30, 2017, 2016 and 2015 is depicted in the following chart:

The Commission's operating fund mortgage investments as reported are comprised of mortgage-backed securities and loans financed with fund balances (net position) and Federal Home Loan Bank (FHLB) advances totaling \$149.2 million at June 30, 2017, as compared to \$143.4 million at June 30, 2016 and \$111.5 million at June 30, 2015. The operating fund loans also include loans financed by the federal HOME Investment Partnerships Program totaling \$195.5 million, net, at June 30, 2017, as compared to \$190.9 million at June 30, 2016 and \$179.8 million at June 30, 2015. In addition, the operating fund loans at June 30, 2017 include \$24.9 million in loans financed by the federal Tax Credit Assistance Program (TCAP), as compared to \$25.2 million at June 30, 2016 and \$25.6 million at June 30, 2015.

The Commission's multifamily loan portfolio includes FHA-insured Risk-Share mortgage loans, in which the Commission participates in 50% of the insured risk. These loans totaled \$128.9 million at June 30, 2017, \$140.4 million at June 30, 2016 and \$148.4 million at June 30, 2015. The Commission's multifamily loan portfolio also includes conduit loans, which totaled \$68.3 million at June 30, 2017, \$72.1 million at June 30, 2016 and \$73.4 million at June 30, 2015. The conduit loans are financed by the borrowers with limited obligation revenue bonds.

MISSOURI HOUSING DEVELOPMENT COMMISSION

Management's Discussion and Analysis (*Continued*)

The Commission provides financing for single family mortgages eligible for GNMA, Fannie Mae, and Freddie Mac securitization. The Commission currently provides eligible homebuyers with mortgage loans financed by the Commission's first-time homebuyer bond programs (First Place loans) for which the MBS are initially purchased for the Commission's warehouse funded by short-term FHLB advances or net position and ultimately financed by the proceeds of tax-exempt bonds issued by the Commission. First Place MBS purchases totaled \$194.9 million, \$217.4 million and \$140.0 million in fiscal years 2017, 2016 and 2015, respectively.

During fiscal year 2017 the Commission began financing eligible homebuyers, including non-first time homebuyers, with mortgage loans (Next Step loans) financed at predetermined daily prices via the To-Be-Announced (TBA) market in accordance with an agreement with a third-party administrator. Next Step MBS delivered during the year totaled \$55.9 million.

Debt

At June 30, 2017, the Commission had \$987.3 million in bonds and notes outstanding as compared to \$961.1 million outstanding at June 30, 2016 and \$889.2 million at June 30, 2015. Bonds and notes include short-term FHLB advances used to fund the Commission's warehousing of First Place homeownership program mortgage-backed securities in advance of selling mortgage revenue bonds. There were advances totaling \$28.3 million outstanding at June 30, 2017 as compared to \$38.5 million and \$19.7 million outstanding at June 30, 2016 and June 30, 2015, respectively.

During fiscal year 2017, new debt issued included four single family mortgage revenue bonds, which totaled \$217.4 million, including refunding bonds totaling \$45.9 million. During fiscal year 2016, new debt issued included one series of multifamily housing refunding revenue bonds, which totaled \$13.7 million, and three single family mortgage revenue bond series totaling \$205.4 million, including refunding bonds totaling \$29.4 million. Overall debt increased during fiscal year 2017 as a result of the new debt issuances exceeding principal payments and redemptions. The Commission's single family and multifamily housing bonds are rated AA+ with a stable outlook by Standard and Poor's. For additional information, see *Note 5*, Bonds Payable and Long-Term Liabilities, in the Notes to Financial Statements.

Management's Discussion and Analysis (Continued)

Net Position

The Commission continues to demonstrate a strong financial position. Excluding the effects of fair value reporting and conduit bond assets, net worth ratio (net position as compared to total assets) was 40.6% at June 30, 2017 as compared to 40.5% at June 30, 2016 and 41.5% at June 30, 2015. Excluding unrealized gains and losses, net position was \$725.9 million at June 30, 2017, \$703.1 million at June 30, 2016 and \$676.0 million at June 30, 2015, representing growth of 3.3% in fiscal year 2017, 4.0% in fiscal year 2016 and 2.3% in fiscal year 2015. A significant portion of the Commission's net position is restricted by bond indentures, grant agreements and other legal requirements. In addition, the Commission has designated certain unrestricted net position for its affordable housing programs. The amounts designated were \$221.0 million at June 30, 2017, \$217.4 million at June 30, 2016, and \$200.1 million at June 30, 2015. Net position provides liquidity and capital adequacy to support the Commission's general obligations and commitments, such as the Commission's general obligation bonds and participation in the U.S. Department of Housing and Urban Development (HUD) Risk-Share Program, that are secured by the Commission's full faith and credit.

Operating Activities

MISSOURI HOUSING DEVELOPMENT COMMISSION

Management's Discussion and Analysis (*Continued*)

The Commission continues to exhibit healthy financial activity. During fiscal year 2017, overall revenues decreased due, primarily, to a decrease in fair value adjustments. During fiscal year 2016, overall revenues increased due, primarily, to an increase in fair value adjustments and an increase in federal assistance revenue. Excluding the effects of fair value reporting:

- Revenues totaled \$227.4 million, \$224.8 million and \$217.7 million in fiscal years 2017, 2016 and 2015, respectively.
- The change in net position was an increase of \$22.9 million in fiscal year 2017, \$27.1 million in fiscal year 2016 and \$15.2 million in fiscal year 2015, demonstrating continued financial strength.
- The return on average equity and the return on average assets, excluding conduit bond-financed assets, were 3.2% and 1.3%, respectively, for fiscal year 2017. This compares to 3.9% and 1.6%, respectively, for fiscal year 2016 and 2.3% and 0.9%, respectively, for fiscal year 2015.

Revenues

Interest and investment income totaled \$24.7 million in fiscal year 2017 as compared to \$56.3 million in fiscal year 2016 and \$51.4 million in fiscal year 2015. This income includes a fair value decrease of \$29.2 million in fiscal year 2017, a fair value increase of \$3.9 million in fiscal year 2016 and a fair value decrease of \$411,000 in fiscal year 2015. Changes in the fair value of the Commission's portfolio of mortgage-backed securities and other investments result from fluctuations in interest rates and other market factors. Without the fair value adjustments, interest and investment income totaled \$53.9 million in fiscal year 2017 as compared to \$52.4 million in fiscal year 2016 (an increase of 2.7% in fiscal year 2017) and \$51.8 million in fiscal year 2015 (an increase of 1.2% in fiscal year 2016). Depending on future financial markets, interest rate fluctuations and thus, changes in the fair value of investments and mortgage-backed securities reported, are expected to have continuing material effects on the Commission's financial statements.

Other operating revenues include \$5.9 million, \$5.9 million and \$5.6 million in administration fee income for fiscal years 2017, 2016 and 2015, respectively. These fees are predominantly related to the Commission's administration of federal programs. In addition, other operating revenues in fiscal year 2017 included \$960,000 in fee income for MBS delivered in accordance with the Commission's daily pricing agreement for its Next Step single family loan program.

Grants and Federal Assistance

Federal grant program revenues and expenses represent activity related to projects funded by HUD (including Section 8 Contract Administration and the HOME Investment Partnerships Program) and other federal programs. These revenues totaled \$158.0 million in fiscal year 2017 as compared to \$158.4 million in fiscal year 2016 and \$151.9 million in fiscal year 2015 while expenses incurred were \$152.6 million in fiscal year 2017, \$147.8 million in fiscal year 2016 and \$146.8 million in fiscal year 2015. Grant revenues in fiscal year 2017 decreased slightly reflecting an increase in Section 8 Contract Administration funding offset by a decrease in the HOME Investment Partnerships Program funding. Related grant expenses increased in fiscal year 2017 reflecting the increase in Section 8 Contract Administration assistance along with increased HOME Investment Partnerships Program grant assistance versus loan assistance, which is capitalized, as compared to fiscal year 2016. The fiscal year 2016 increase in federal grant program revenues and expenses was primarily due to an increase in Section 8 Contract Administration funding and an increase in the HOME Investment Partnerships Program. The Section 8 Contract Administration revenues totaled \$145.7 million, \$143.1 million, and \$139.6 million in fiscal years 2017, 2016 and 2015, respectively. HOME Investment Partnerships Program funding has varied reflecting timing of awards and disbursements in addition to a change in federal allocation for this program and totaled \$9.7 million in fiscal year 2017 as compared to \$12.6 million in fiscal year 2016 and \$9.8 million in fiscal year 2015. These programs, along with federal and state tax credit programs, are integral to the Commission's achievement of its objectives. The Commission continues to effectively use federal government programs that serve its mission by utilizing those that provide resources that leverage its net position and other resources to finance affordable multifamily and owner-occupied housing for Missourians as well as provide housing assistance to very low-income Missourians.

Expenses

Interest costs were \$28.6 million for fiscal year 2017 as compared to \$27.8 million for fiscal year 2016 (an increase of 3.0% in fiscal year 2017) and \$29.1 million for fiscal year 2015 (a decrease of 4.4% in fiscal year 2016). The fiscal year 2017 increase is due primarily to increased bonds outstanding along with increased costs of borrowing due to the rise in short term interest rates. The fiscal year 2016 decrease is due to lower costs of borrowing as a result of bond refundings and lower interest rates on new issues reflecting market conditions.

MISSOURI HOUSING DEVELOPMENT COMMISSION

Management's Discussion and Analysis (*Continued*)

Beyond the costs associated with debt financing, the Commission's chief operating costs consist of compensation, facilities rent, information systems, professional services and travel expenses. These costs totaled \$14.7 million in fiscal year 2017 as compared to \$13.3 million in fiscal year 2016 and \$13.0 million in fiscal year 2015. Fiscal year 2017 costs include pension benefit costs of \$2.3 million as compared to \$936,000 in fiscal year 2016 and \$675,000 in fiscal year 2015. The increase in pension benefit costs, as actuarially determined, is primarily attributable to the actual and assumed investment rate of return on plan assets and updated mortality tables. Excluding the net change in the fair value of investments, operating costs represented 6.46% of revenues in fiscal year 2017 as compared to 5.93% of revenues in fiscal year 2016 and 5.96% of revenues in fiscal year 2015.

Economic and Other Factors

The Commission's programs and activities are subject to economic and other factors that may affect the Commission's financial position and operations. In the coming year, changes in interest rates can be expected to impact investment earnings and may result in large fluctuations in the fair value of investments and mortgage-backed securities.

With respect to financing its single family programs, the Commission expects to continue to finance its First Place mortgage program primarily with tax-exempt bond proceeds. In addition, the Commission plans to continue to deliver Next Step program mortgage-backed securities via the TBA market. Changes in interest rates and market conditions may impact the Commission's financing of its homeownership programs, including sales in the TBA market as an alternative for financing in the tax-exempt bond market.

The Commission administers the Project-Based Section 8 program in the State through a contract with HUD, which results in over \$145.7 million in housing assistance payment revenue and expense activity annually. The current contract terminates December 31, 2017. HUD is expected to competitively bid this program administration at a future time.

MISSOURI HOUSING DEVELOPMENT COMMISSION

NOTES TO FINANCIAL STATEMENTS

June 30, 2017 and 2016

1. **Nature of Operations and Summary of Significant Accounting Policies**

Nature of Operations

The Missouri Housing Development Commission (Commission) is a body corporate and politic established on October 13, 1969, by Chapter 215 of the Missouri State statutes. In accordance with the provisions of Chapter 215 and resolutions of the Commission, the Commission is authorized to make or purchase mortgage loans that are uninsured, partially insured or insured or guaranteed by the federal government and to insure mortgage loans, the funds of which are to be used to develop new or rehabilitated low and moderate-income housing. The Commission is also authorized to issue bonds for making or purchasing such loans. The outstanding balance of bonds applicable to loans not insured or guaranteed by a federal agency or to bonds rated lower than "AA" by rating agencies at the time of issuance shall not exceed \$200,000,000. At June 30, 2017 and 2016, the Commission had \$62,567,000 and \$66,227,000, respectively, of bonds outstanding applicable to conduit loans that are not so insured or guaranteed or to bonds that are not so rated. Bonds issued by the Commission are not an obligation of the state of Missouri (State).

Reporting Entity

The Commission defines its reporting entity to include all component units for which the Commission is financially accountable. The extent of financial accountability is based upon several criteria including: appointment of a voting majority of the governing body, imposition of will, financial benefit to or burden on a primary government and financial accountability as a result of fiscal dependency. No separate entities meet the requirements to be considered component units of the Commission.

The Commission is considered a related organization of the state of Missouri for financial reporting purposes. Accordingly, the Commission is included as a note disclosure in the state of Missouri's comprehensive annual financial report.

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements (*Continued*)

For financial reporting purposes, the Commission reports its operations as a single enterprise fund. The financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting with revenues recognized when earned and expenses recorded when incurred. All significant interfund transactions are eliminated.

Revenues and expenses are typically divided into operating and nonoperating items. Operating revenues generally result from providing services in connection with the Commission's principal ongoing operations. The principal operating revenues of the Commission are derived from the interest and investment income from loans and investments, financing fees, federal program funding and other charges related to providing financing for affordable housing through mortgage loans and grants. Operating expenses consist primarily of interest expense on bonds outstanding and federal program expenses and other costs to administer its affordable housing programs. All revenues and expenses not meeting these definitions would be reported as nonoperating revenues and expenses. The Commission has no nonoperating activities.

When both restricted and unrestricted resources are available for use, it is the Commission's policy to use restricted resources first, then unrestricted resources as needed.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of reporting cash flows, cash and cash equivalents include cash on hand and on deposit and temporary investments with an original maturity of three months or less. At June 30, 2017 and 2016, cash equivalents consisted primarily of money market funds, Federal Home Loan Bank (FHLB) daily time accounts and U.S. Treasury Bills.

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements *(Continued)*

Investments

Securities purchased under agreements to resell, U.S. government and agency securities and mortgage-backed securities are reported at fair value. For the year ended June 30, 2017, the net decrease in fair value of investments was \$29,197,000 and for the year ended June 30, 2016, the net increase in fair value of investments was \$3,853,000.

Mortgage Investments

Proceeds from the sale of bonds as well as resources provided in the Commission's warehousing program and net position are used to make mortgage loans and to purchase mortgage-backed securities guaranteed as to timely payment of principal and interest by the Government National Mortgage Association (GNMA), Federal National Mortgage Association (Fannie Mae) or the Federal Home Loan Mortgage Corporation (Freddie Mac) and backed by pools of qualifying mortgage loans. Advances made on such loans during the construction period of related housing units are recorded as construction loans and are serviced as mortgage loans upon final endorsement after construction completion. Mortgage and construction loans are reported at cost, while GNMA, Fannie Mae and Freddie Mac mortgage-backed securities are reported at fair value.

Loans that management has the intent and ability to hold for the foreseeable future or until maturity or payoffs are reported at their outstanding principal balances adjusted for any charge-offs and the allowance for loan losses. Generally, loans are evaluated for nonaccrual status at 90 days past due and interest is considered a loss, unless the loan is well secured and in the process of collection.

Fair Value Reporting

The Commission categorizes its fair value measurements applicable for reporting its investments and mortgage-backed securities within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements *(Continued)*

Allowance for Loan Losses

The allowance for loan losses is associated with uninsured loans, Risk-Share loans and related accrued interest on such loans. The allowance is management's estimate of uncollectible loans and related accrued interest and is based on existing payment conditions, prior experience and such other factors that, in management's opinion, require consideration. For financial statement presentation, the allowance for loan losses has been netted against the noncurrent portion of mortgage and construction loans.

Original Issue Discounts and Premiums

Original issue bond discounts and premiums are deferred and amortized over the life of the related issue using the outstanding bond method, which approximates the effective interest method.

Capital Assets

Capital assets consist of leasehold improvements, software, office furniture and equipment, which are stated at cost less accumulated depreciation. Depreciation is calculated on the straight-line method over the estimated useful lives of the assets, which range from three to seven years. The Commission defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year.

Arbitrage Rebate

Federal income tax rules limit the investment and loan yields which the Commission may retain for its own use from investing the proceeds of certain tax-exempt bond issues. Any excess yields payable to the U.S. Treasury are included in accounts payable and are based on estimated calculations performed by an independent valuation specialist on an ongoing basis. There were no excess yields payable as of June 30, 2017 and 2016.

Deferred Inflows and Deferred Outflows of Resources

In addition to assets, the statement of financial position includes a separate section for deferred outflows of resources. This separate financial element represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources until then.

In addition to liabilities, the statement of financial position includes a separate section for deferred inflows of resources. This separate financial element represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources until then.

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements (*Continued*)

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans administered by the Missouri State Employees' Retirement System (MOSERS) and additions to and deductions from MOSERS' fiduciary net position have been determined on the same basis as they are reported by MOSERS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Net Position

Net position represents the difference between assets and deferred outflows and liabilities and deferred inflows in the financial statements. Net position is classified as follows:

Net Investment in Capital Assets: This component of net position consists of capital assets, net of accumulated depreciation.

Restricted Net Position: This component of net position consists of restrictions placed on net position use through external constraints imposed by grant agreements and contracts, laws or regulations of other governments, bond resolution or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position: This component represents net position used at the discretion of the Board of Commissioners to complement bond and loan programs, to fund housing initiatives and to provide for the Commission's operations. Certain unrestricted net position has been designated by the Commission to provide for its housing programs. Unrestricted net position provides additional security for the Commission's general obligations and commitments.

Fees, Charges and Expenses

Unearned revenue consists primarily of tax credit fees and compliance monitoring fees that are recognized as income over the contractual periods.

Service and other fees and charges are recorded as income when earned and the associated administrative expenses are recorded as incurred.

Operating expenses identifiable to a particular program are charged directly to the program. All other operating expenses are accounted for by the Commission in the Operating Fund (see *Note 2*).

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements (*Continued*)

Federal Assistance and Grants

The Commission administers grants and federal assistance programs, representing “pass-through” financial assistance, on the behalf of secondary recipients. The Commission recognizes financial activity related to pass-through grants and financial assistance as revenues and expenses of the Commission. Grants received from federal, state and local governments are recognized as operating revenue as the related expenditures are incurred.

Debt Refunding

For current refundings and advance refundings resulting in defeasance of debt reported by proprietary activities, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense over the remaining life of the old or new debt, whichever is shorter, using the bonds outstanding method. The deferred refunding amounts are classified as deferred inflows or deferred outflows of resources in the financial statements.

Reclassifications

Certain 2016 amounts have been reclassified, where appropriate, to conform to the 2017 financial statement presentation.

2. Description of Funds or Programs

The following describes the funds or programs maintained by the Commission, all of which conform to Chapter 215 of the Missouri state statutes and the respective bond resolutions.

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements (*Continued*)

Operating Fund

Funding of the Operating Fund on an ongoing basis is derived principally from allowable transfers from other funds, fees earned for administering various U.S. Department of Housing and Urban Development (HUD) programs, and interest income from Operating Fund investments and mortgage loans. Mortgage and construction loans in the Operating Fund are collateralized by deeds of trust on the related properties, including approximately \$7,655,000 and \$9,025,000 at June 30, 2017 and 2016, respectively, which are insured by HUD's Federal Housing Administration (FHA) programs or guaranteed by the Veterans Administration (VA). These insured loans include \$6,448,000 and \$6,499,000 at June 30, 2017 and 2016, respectively, which are FHA-insured "Risk-Share Mortgage Loans," as described in *Note 4*. Authorized activities of the Operating Fund include the following:

- Payment of general and administrative expenses and other costs not payable by other funds of the Commission.
- Financing multifamily or homeownership residential housing units from accumulated fund balances, if financing of such units is not provided for under existing bond indentures.
- Those activities deemed necessary to fulfill the Commission's corporate purposes for which special funds are not established.

The Commission administers the Missouri Housing Trust Fund, which provides for a variety of housing needs, such as emergency home repair, emergency rent, mortgage or utility payments, rehabilitation or new construction of housing and related services for very low-income families and individuals. The Missouri Housing Trust Fund is authorized by Section 215.034, RSMo and its financial activities are included in the financial statements of the Commission. Separate financial statements for the Missouri Housing Trust Fund may be obtained through the Commission.

Multifamily Bond-Financed Program (2000 Indenture)

The Commission's Multifamily Bond-Financed Program (2000 Indenture) was established to support the financing and refinancing of eligible multifamily projects and includes funds and accounts to allocate the proceeds from the bond sales, receive payments on the related mortgage loans, provide for payment of the debt service requirements on the bonds and retain balances in reserves all pursuant to the Commission's Trust Indenture dated as of June 1, 2000. All loans are insured by HUD, including HUD's Risk-Share Program.

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements *(Continued)*

Multifamily Bond-Financed Program (2014 Indenture)

The Commission's Multifamily Bond-Financed Program (2014 Indenture) was established to succeed the program established in 2000 with updated terms and flow of funds to support the financing and refinancing of eligible multifamily projects and includes funds and accounts to allocate the proceeds from the bond sales, receive payments on the related mortgage loans, provide for payment of the debt service requirements on the bonds and retain balances in reserves all pursuant to the Commission's Trust Indenture dated as of April 1, 2014. All loans are insured by HUD, including HUD's Risk-Share Program.

Other Multifamily Bond-Financed Programs (Conduit Debt)

The Commission's Other Multifamily Bond-Financed Programs were established to support the financing and refinancing of eligible multifamily projects pursuant to the Commission's separate multifamily trust indentures, excluding the Commission's Trust Indentures dated as of June 1, 2000 and April 1, 2014. All loans are financed by the borrowers with limited obligation revenue bonds, for which the Commission served as a conduit issuer. The Commission reports the conduit bonds outstanding and the related mortgage loans and mortgage-backed securities.

Homeownership Bond-Financed Program (1995 Indenture)

The Commission's Homeownership Bond-Financed Program was established to support the financing of loans for low and moderate income homebuyers and includes funds and accounts to allocate the proceeds from the bond sales, receive payments on the related mortgage loans, provide for payment of the debt service requirements on the bonds and retain balances in reserves. The bonds are secured by mortgage-backed securities backed by pools of the mortgage loans pursuant to the Commission's Trust Indenture dated as of June 15, 1995. The pledged mortgage-backed securities are guaranteed as to timely payment of principal and interest by GNMA, Fannie Mae or Freddie Mac.

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements *(Continued)*

Special Homeownership Bond-Financed Program (2009 Indenture)

The Commission's Special Homeownership Bond-Financed Program was established under the United States Treasury's Single Family New Issue Bond Program to support the financing of loans for low and moderate income homebuyers and includes funds and accounts to allocate the proceeds from the bond sales, receive payments on the related mortgage loans, provide for payment of the debt service requirements on the bonds and retain balances in reserves. The bonds are secured by mortgage-backed securities on eligible owner-occupied units pursuant to the Commission's Trust Indenture dated as of December 1, 2009. The pledged mortgage-backed securities are guaranteed as to timely payment of principal and interest by GNMA, Fannie Mae or Freddie Mac.

First Place Homeownership Bond-Financed Program (2015 Indenture)

The Commission's First Place Homeownership Bond-Financed Program was established to succeed the Special Homeownership Bond-Financed Program due to specific restrictions imposed under the program established by the Treasury Department to support the financing of loans for low and moderate income homebuyers and includes funds and accounts to allocate the proceeds from the bond sales, receive payments on the related mortgage loans, provide for payment of the debt service requirements on the bonds and retain balances in reserves. The bonds are secured by mortgage-backed securities on eligible owner-occupied units pursuant to the Commission's Trust Indenture dated as of May 1, 2015. The pledged mortgage-backed securities are guaranteed as to timely payment of principal and interest by GNMA, Fannie Mae or Freddie Mac.

Investment Policy

General

The Commission's formal *Investment Policy and Guidelines* apply to investments that are not held by a trustee in connection with bond or note issues. This policy permits the Commission to invest in obligations of the state of Missouri, obligations of the United States of America, obligations issued or guaranteed by certain agencies of the federal government, certain collateralized repurchase agreements and certificates of deposit. The general policy of the Commission is to make investments for future funding requirements and not for trading purposes. At June 30, 2017, all of the Commission's general investments (non-bond related investments) were in compliance with the Commission's Investment Policy and Guidelines.

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements (Continued)

Indentures

The Commission's bond indentures permit investments in the direct obligations of, or obligations guaranteed by, the United States of America, certificates of deposit, investment agreements and certain other investments permitted by applicable law. At June 30, 2017, all investments of debt-related issues held by the Commission's trustees were in compliance with the requirements of the indentures.

Investment Maturities

As of June 30, 2017 and 2016, the Commission had the following investments and maturities (in thousands):

Investment Type	June 30, 2017				
	Fair Value	Less Than 1	1 - 5	6 - 10	More Than 10
U.S. Treasury securities	\$ 18,262	\$ 10,302	\$ —	\$ 628	\$ 7,332

Total investments	\$ 365,338	\$ 29,356	\$ 164,721	\$ 161,583	\$ 9,678

The Commission's *Investment Policy and Guidelines* limit investments for general funds in repurchase agreements to 90 days and U.S. Treasury and U.S. agency securities to 10 years. The bond resolutions and indentures allow for investments in obligations of the United States of America and investment agreements for the terms specified in these documents, generally 30 years.

At June 30, 2017, as reported at fair value, the Commission's U.S. agency securities consist of \$144,495,000 Federal Farm Credit Bank (FFCB), \$99,108,000 Federal Home Loan Bank (FHLB), \$78,212,000 Fannie Mae, and \$36,455,000 Freddie Mac debt securities.

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements *(Continued)*

The Commission's recurring fair value measurements include U.S. Treasury and government agency securities, valued using a multi-dimensional relational pricing model (Level 2 inputs). These securities totaled \$376,532,000 and \$364,481,000 as of June 30, 2017 and 2016, respectively.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates may adversely affect the fair value of investments. The Commission manages interest rate risk by structuring investment portfolios so that securities mature to meet cash requirements for ongoing operations and debt service obligations, thereby avoiding the need to sell securities on the open market prior to maturity.

Credit Risk

The Commission's investments in U.S. government agency securities and money market funds are rated in the highest rating category by Moody's Investor Services (Aaa) and AA+ by Standard & Poor's. Guaranteed investment contracts are unrated. The contracts generally contain "termination" clauses so the Commission may withdraw funds early if provider credit ratings deteriorate below specified levels and collateral or a guarantee is not provided.

Concentration of Credit Risk

The Commission places no limit on the amount it may invest in any one issuer with respect to U.S. Treasury and government agency securities. Obligations of the state of Missouri and collateralized certificates of deposit are limited to 60% of the non-bond fund portfolio, each. Collateralized repurchase agreements are limited to 50% of the non-bond fund portfolio. The following table lists investments in issuers that represent 5% or more of total investments at June 30, 2017:

<u>Issuer</u>	<u>Percent of Total Investments</u>
Federal Farm Credit Bank (FFCB)	30.6%
Federal Home Loan Bank (FHLB)	21.3%
Federal National Mortgage Association (Fannie Mae)	16.6%
Federal Home Loan Mortgage Corporation (Freddie Mac)	7.7%

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements *(Continued)*

Custodial Credit Risk

For investments, custodial credit risk is the risk that in the event of the failure of the counterparty to a transaction, the Commission will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. In accordance with its policy, the Commission addresses custodial credit risk by pre-qualifying institutions with which the Commission places investments, diversifying its investment portfolio and maintaining a standard of quality for its investments.

For deposits, custodial credit risk is the risk that in the event of a bank failure, the Commission may not be able to recover its deposits. Protection of the Commission's deposits of \$26,298,000 at June 30, 2017 is provided by the Federal Deposit Insurance Corporation, FHLB letters of credit and by eligible securities pledged by the financial institution. Deposits with the FHLB at June 30, 2017 include \$580,000 in a demand deposit account and \$1,545,000 in a daily time account, which are uninsured and uncollateralized, but are secured by the full faith and credit of the FHLB system with implicit government support.

4. Mortgage Investments

Mortgage investments reflected in the statement of net position consist of the following as of June 30, 2017 and 2016 (in thousands):

	<u>2017</u>	<u>2016</u>
Total mortgage loan principal outstanding	\$ 567,057	\$ 569,055

Mortgages include loans financed by the federal HOME Investment Partnerships Program totaling \$216,874,000 and \$212,579,000 as of June 30, 2017 and 2016, respectively. A portion of these loans totaling \$108,020,000 and \$97,917,000 at June 30, 2017 and 2016, respectively, include prepayment terms allowing deferment or repayment based on net income of the multifamily developments. An estimated allowance for mortgage loan losses of \$21,390,000 and \$21,715,000 is attributable to this portfolio at June 30, 2017 and 2016, respectively. At June 30, 2017 and 2016, mortgages also include \$28,755,000 and \$29,122,000, respectively, in loans financed by the federal Tax Credit Assistance Program (TCAP). An estimated allowance for mortgage loan losses of \$3,855,000 and \$3,920,000 is attributable to this portfolio at June 30, 2017 and 2016, respectively.

The Commission warehouses mortgage-backed securities created by its single family homeownership programs. The warehoused securities have been funded by short-term FHLB advances or net position. U.S. agency securities, which totaled \$58,186,000, and \$52,740,000 at June 30, 2017 and 2016, respectively, are pledged as collateral for the short-term FHLB advances. There were warehoused mortgage-backed securities totaling \$37,942,000 and \$41,437,000 held at June 30, 2017 and 2016, respectively.

The single family bond-financed programs generally require that mortgage loans be made to borrowers whose household income does not exceed the statewide or applicable metropolitan statistical area (MSA) median income, based on family size. For loans financed with tax-exempt bond proceeds (First Place loans), Section 143 of the Internal Revenue Code specifies certain requirements with respect to the nature of the residence, mortgage and eligibility of the borrower. These programs provide funding for mortgage loans that are FHA insured, VA guaranteed, U.S. Department of Agriculture/Rural Development (USDA/RD) guaranteed or Fannie Mae-qualified conventional loans.

During fiscal year 2017, the Commission began financing eligible homebuyers, including non-first time homebuyers, with mortgage loans (Next Step loans) financed at predetermined daily prices via the taxable To-Be-Announced (TBA) market in accordance with an agreement with a third-party administrator. Next Step MBS delivered during the year totaled \$55,909,000.

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements *(Continued)*

The multifamily bond-financed programs provide long-term financing for rental housing developments for occupancy by families and persons of low and moderate incomes. The Commission has entered into an agreement with HUD, which permits the Commission to participate in HUD's Risk-Share Program. In accordance with the terms of this agreement, HUD will insure certain mortgage loans on rental housing developments (FHA-insured "Risk-Share Mortgage Loans") and the Commission will underwrite the Risk-Share Mortgage Loans following its underwriting guidelines. HUD will insure the Risk-Share Mortgage Loans and will bear 50% of the risk and the Commission will bear the remaining 50% of the risk. The Commission had Risk-Share Mortgage Loans totaling \$128,856,000, representing 53 loans as of June 30, 2017 and \$140,387,000, representing 57 loans as of June 30, 2016.

Proceeds of multifamily and single family mortgage revenue bonds, as indicated in *Note 5*, as well as resources of the Commission's mortgage-backed security warehousing program were used to purchase GNMA, Fannie Mae and Freddie Mac certificates collateralized by mortgage loans approved in accordance with the guidelines of the Commission's mortgage programs. The financing periods of the pooled mortgage loans are 30 years. Mortgage-backed securities have repayments based on the underlying pooled mortgages and are subject to prepayment.

The fair value of the mortgage-backed securities is sensitive to changes in interest rates, which may result in large fluctuations in carrying value and investment earnings as reported. The mortgage-backed securities held at June 30, 2017 have stated interest rates ranging from 2.50% to 8.30%, while the underlying mortgages have stated interest rates ranging from 3.00% to 8.80%.

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements (Continued)

GNMA, Fannie Mae and Freddie Mac certificates, which are included in mortgage investment balances, are presented in the statement of net position at fair value. These mortgage-backed securities are guaranteed as to payment of principal and interest by GNMA, Fannie Mae or Freddie Mac. As of June 30, 2017, the par value of securitized mortgage loans consist of 91.4% GNMA, 8.3% Fannie Mae and 0.3% Freddie Mac certificates. All other loans included in mortgage investments are carried at cost. The following summarizes the carrying value and cost of mortgage investments as of June 30, 2017 and 2016 (in thousands):

	2017		2016	
	Carrying Value	Cost	Carrying Value	Cost
GNMA, Fannie Mae and Freddie Mac mortgage-backed securities	\$ 882,545	\$ 849,631	\$ 845,456	\$ 791,733
Other mortgage loans	567,057	567,057	569,055	569,055
<u>Total mortgage investments</u>	<u>\$ 1,449,602</u>	<u>\$ 1,416,688</u>	<u>\$ 1,414,511</u>	<u>\$ 1,360,788</u>

The Commission's recurring fair value measurements as of June 30, 2017 include the GNMA, Fannie Mae and Freddie Mac certificates totaling \$882,545,000 valued using a matrix pricing technique, which utilizes pricing indices, index spreads and other market reference data (Level 2 inputs).

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements *(Continued)*

The net proceeds of bond issues are used to provide financing for multifamily bond-financed housing projects or for homeownership residential housing units. The bond proceeds are deposited with and invested by various bank trust departments in qualified investments until required for such financing. These bonds are obligations of the Commission and are not liabilities of the state of Missouri. A summary of bonds payable outstanding at June 30, 2017 and 2016 follows (in thousands), including the applicable calendar date reference for future maturities or final redemption:

The proceeds of bond issues denoted by “*” are used to purchase GNMA, Fannie Mae and Freddie Mac mortgage-backed securities, which are backed by mortgage loans originated through the Commission’s loan programs.

The bond issues denoted by “***” are general obligation bonds. All other bond issues are revenue bonds and conduit debt.

The proceeds of the Conduit Debt bond issues are used to provide financing for multifamily rental housing projects. These bonds are limited obligation, conduit debt issued by the Commission, payable solely from and secured by a loan agreement between the Commission and the borrower.

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements (*Continued*)

During the fiscal years ended June 30, 2017 and 2016, the Commission repurchased or redeemed, prior to their scheduled maturity, the principal amount of certain of its bonds. Net gains of \$2,035,000 and \$1,403,000 for the years ended June 30, 2017 and 2016, respectively, on early extinguishment of debt have been recorded and included with other income. These gains arise as a result of immediate recognition of bond premiums, net of immediate recognition of bond discounts, that would have been amortized over the life of the applicable bond issue if not retired and net of call premiums as required by the applicable bond indentures.

Bond Refundings

Refundings Completed During Fiscal Year 2017:

The Commission issued Single Family Mortgage Revenue Refunding Bonds 2016 Series C in the aggregate amount of \$31,503,000. The proceeds of the refunding bonds were used to refund the outstanding Single Family Mortgage Revenue Bonds 2007 Series A, 2007 Series B and 2009 Series E-5. The refunding resulted in a difference between the reacquisition price and the net carrying amount of approximately \$108,000. This difference, reported in the accompanying financial statements as deferred inflows of resources, is being recognized in operations through the year 2038 using the bonds outstanding method. The Commission completed the advance refunding to decrease its total debt service payments over the next 27 years by approximately \$1,139,000 and to obtain an economic gain (difference between the present values of the old and new debt service payments) of approximately \$1,098,000.

The Commission issued Single Family Mortgage Revenue Bonds 2017 Series A-1 in the aggregate amount of \$14,400,000. The proceeds of the refunding bonds were used to refund the outstanding Single Family Mortgage Revenue Bonds 2007 Series C, D and E. The refunding resulted in a difference between the reacquisition price and the net carrying amount of approximately \$119,000. This difference, reported in the accompanying financial statements as deferred inflows of resources, is being recognized in operations through the year 2038 using the bonds outstanding method. The Commission completed the advance refunding to decrease its total debt service payments over the next 12 years by approximately \$890,000 and to obtain an economic gain (difference between the present values of the old and new debt service payments) of approximately \$1,239,000.

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements (*Continued*)

Refundings Completed During Fiscal Year 2016:

The Commission issued Single Family Mortgage Revenue Bonds 2015 Series B-1 in the aggregate amount of \$23,090,000. The proceeds of the refunding bonds were used to refund the outstanding Single Family Mortgage Revenue Bonds 2006 Series A, B, and C. The refunding resulted in a difference between the reacquisition price and the net carrying amount of approximately \$661,000. This difference, reported in the accompanying financial statements as deferred inflows of resources, is being recognized in operations through the year 2037 using the bonds outstanding method. The Commission completed the advance refunding to decrease its total debt service payments over the next 17 years by approximately \$1,957,000 and to obtain an economic gain (difference between the present values of the old and new debt service payments) of approximately \$1,591,000.

The Commission issued Single Family Mortgage Revenue Bonds 2016 Series A-1 in the aggregate amount of \$6,315,000. The proceeds of the refunding bonds were used to refund the outstanding Single Family Mortgage Revenue Bonds 2006 Series D and E. The refunding resulted in a difference between the reacquisition price and the net carrying amount of approximately \$97,000. This difference, reported in the accompanying financial statements as deferred inflows of resources, is being recognized in operations through the year 2019 using the bonds outstanding method. The Commission completed the advance refunding to decrease its total debt service payments over the next 19 years by approximately \$1,958,000 and to obtain an economic gain (difference between the present values of the old and new debt service payments) of approximately \$1,558,000.

The Commission issued Taxable Multifamily Housing Refunding Revenue Bonds 2015 Series 2 in the aggregate amount of \$13,654,000. The proceeds of the refunding bonds were used to refund the outstanding Multifamily Housing Revenue Bonds 2005 Series 3 and 4. The refunding resulted in no difference between the reacquisition price and the net carrying amount of refunded debt. The Commission completed the advance refunding to decrease its total debt service payments over the next 21 years by approximately \$1,365,000 and to obtain an economic gain (difference between the present values of the old and new debt service payments) of approximately \$860,000.

In addition to bonds payable, the Commission utilizes short-term FHLB advances. There were advances totaling \$28,328,000 and \$38,496,000 outstanding at June 30, 2017 and 2016, respectively. The short-term FHLB advances included rollover financings of \$1,105,746,000 and \$640,352,000 in fiscal years 2017 and 2016, respectively. The principal and interest on the short-term FHLB advances is payable at maturity as follows (in thousands):

<u>Maturity Date</u>	<u>Interest Rate</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2017	1.25%	\$ 28,328	\$ 19	\$ 28,347

During the fiscal year ended June 30, 2015, in conjunction with an initial Risk-Share claim, the Commission executed a debenture payable to HUD totaling \$5,895,000, which remained outstanding at June 30, 2017. Interest at 4.875% is payable annually. The principal and any accrued and unpaid interest is payable at the earlier of maturity in 2020, reinstatement of the Risk-Share mortgage insurance, or final claim settlement.

6. Escrow Deposits and Rent Subsidies Payable

Escrow deposits represent funds paid by project mortgagees for real estate taxes, insurance, future replacement of property and other costs.

Rent subsidies payable represent funds received from HUD for payment of rent subsidies to participants in the housing assistance programs and for other programs.

Such funds held by the Commission are included in restricted cash, restricted cash equivalents and restricted investments.

7. Restrictions and Designations

Restricted Cash and Investments

Substantially all of the assets of each bond program of the Commission are pledged as collateral for the payment of principal and interest on bond indebtedness of that program. Therefore, all related bond program assets of the Commission that are pledged as collateral are treated as restricted and noncurrent. The obligations of the Commission are not obligations of the State, and the State is not liable for such obligations. The trust indentures between the Commission and the trustees establish special accounts for the segregation of assets and restrictions on the use of bond proceeds and certain other funds received.

Resolutions of the Commission require that, to the extent funds are available in the general account of each bond fund, the funds are to be transferred to a debt service account on a periodic basis, from the date of bond issuance to the date of each succeeding maturity, sufficient to make principal and interest payments on the bonds as they become due. Funds within the general account of each bond fund are on deposit in restricted accounts.

The statute and resolutions of the Commission require that for certain bond issues an amount be maintained in reserve accounts to be used to make principal and interest payments on payment due dates. Such amounts are on deposit in restricted accounts for the various issues within the multifamily and single family mortgage revenue bond programs.

In addition, cash and investments held associated with federal grant agreements and mortgage loan escrow agreements are restricted. Pursuant to state statute, the Commission has also restricted cash and investments held for the Missouri Housing Trust Fund.

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements (Continued)

As of June 30, 2017 and 2016, the assets of all accounts satisfied the requirements as established by the trust indentures, applicable agreements and state statute. Such assets are restricted as follows (in thousands):

	2017	2016
Program and Construction Funds - construction escrows and other restricted funds	\$ 71,322	\$ 66,318
Mortgage Escrow Accounts - insurance, taxes, replacement reserves and other mortgage escrows	111,716	107,875

Revenue and Debt Service Funds - program revenues for debt services payments	43,550	41,778
Debt Service and Other Bond Reserve Accounts - reserves held as required by bond indentures, including: debt service reserves, mortgage reserves and capitalized interest	26,294	36,863
	<u>\$ 283,437</u>	<u>\$ 279,265</u>

Restricted Net Position

Pursuant to certain bond resolutions, the Commission has restricted the net position of the multifamily and single family mortgage revenue bond programs to maintain a level of reserves necessary to provide sound fiscal operations. U.S. agency securities are pledged as collateral for short-term FHLB advances. In addition, net position associated with the federal grant agreements of the HOME Investment Partnerships Program and TCAP are restricted. In fiscal year 1997, the Commission acquired a portfolio of loans from HUD. Revenues collected from these HUD-purchased loans are restricted by an agreement between the Commission and HUD to be used primarily for rehabilitation loans or grants.

Pursuant to state statute, the Commission has restricted the amount of net position representing revenues over expenses related to the financial activity of the Missouri Housing Trust Fund. Revenues of the Missouri Housing Trust Fund are restricted to programs that financially assist, through loans or grants, the development of housing stock and that provide housing assistance to persons and families with incomes at or below specified levels.

8. Pension Plan

General Information about the Pension Plan

Plan description. Benefit eligible employees of the Commission are provided pensions through Missouri State Employees' Plan (MSEP) - cost-sharing multiple-employer defined benefit pension plans administered by MOSERS. The plans are referred to as MOSERS throughout the Notes. Chapter 104.320 of the Revised Statutes of Missouri grants the authority to establish a defined benefit plan for eligible state and other related Commission employees. MOSERS issues a Comprehensive Annual Financial Report (CAFR), a publicly available financial report that can be obtained at www.mosers.org.

Benefits provided. MOSERS provides retirement, disability, and life insurance benefits to eligible employees. The base retirement benefits are calculated by multiplying the employee's final average pay by a specific factor multiplied by the years of credited service. The factor is based on the specific plan in which the employee participates, which is based on the employee's hire date. Information on the three plans administered by MOSERS (MSEP, MSEP 2000, and MSEP 2011 retirement plans) and how eligibility and the benefit amount is determined for each plan may be found in the Notes to the Financial Statements of MOSERS' CAFR starting on page 28.

Contributions. Per Chapter 104.436 of the Revised Statutes of Missouri, contribution requirements of the active employees and the participating employers are established and may be amended by the MOSERS Board. Employees in the MSEP 2011 Plan are required to contribute 4.0% of their annual pay. The Commission's required contribution rate for the years ended June 30, 2017 and 2016, was 16.97% of annual payroll, which totaled \$1,049,000 and \$1,035,000 in each of these years, respectively, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the Commission were \$1,035,000 and \$994,000 for MOSERS plan years ended June 30, 2016 and 2015, respectively.

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements (*Continued*)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2017 and 2016, the Commission reported a liability of \$14,613,000 and \$9,714,000, respectively, for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2016 and 2015, respectively, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of those dates.

The Commission's proportion of the net pension liability was based on the Commission's actual share of contributions to the pension plan relative to the actual contributions of all participating employers for MOSERS plan year ended June 30, 2016. At the June 30, 2016 measurement date, the Commission's proportion was 0.3148%, an increase from its proportion measured using 0.3030% as of the June 30, 2015 measurement date.

There were no changes in benefit terms during the MOSERS plan year ended June 30, 2016 that affected the measurement of total pension liability.

For the years ended June 30, 2017 and 2016, the Commission recognized pension expense of \$2,289,000 and \$936,000, respectively. At June 30, 2017 and 2016, the Commission reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources (in thousands):

June 30, 2017	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 150	\$ 42
Changes of assumptions	1,521	88
Net difference between projected and actual earnings on pension plan investments	2,388	—
Changes in proportion and differences between Commission contributions and proportionate share of contributions	273	28
Commission contributions subsequent to the measurement date of June 30, 2016	1,049	—
Total	\$ 5,381	\$ 158

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements (Continued)

June 30, 2016	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 18	\$ 63
Changes of assumptions	—	129
Net difference between projected and actual earnings on pension plan investments	746	—
Changes in proportion and differences between Commission contributions and proportionate share of contributions	—	43
Commission contributions subsequent to the measurement date of June 30, 2015	1,035	—
Total	\$ 1,799	\$ 235

\$1,049,000 reported as deferred outflows of resources related to pensions resulting from Commission contributions subsequent to the measurement date of June 30, 2016 will be recognized as a reduction of the net pension liability in the Commission's financial statements for the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in the Commission's fiscal year following MOSERS' fiscal year as follows (in thousands):

Commission's Fiscal Year Ending June 30:	Amount
2018	\$ 1,096
2019	1,097
2020	1,563
2021	418
Total	\$ 4,174

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements *(Continued)*

Actuarial Assumptions

The total pension liability in the June 30, 2016 actuarial valuation, which is also the date of measurement for financial reporting purposes, was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5%
Salary increases	3.25% to 8.75% including inflation
Wage inflation	3.0%
Investment rate of return	7.65% per year, compounded annually, net after investment expenses and including inflation

Mortality rates for post-retirement mortality are based on the RP-2014 Healthy Annuitant mortality table, projected to 2026 with Scale MP-2015 and scaled by 120%. The pre-retirement mortality table used is the RP-2014 Employee mortality table, projected to 2026 with Scale MP-2015 and scaled by 95% for males and 90% for females.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2010 to June 30, 2015. As a result of this actuarial experience study, the MOSERS Board made various demographic and economic assumption changes to more closely reflect actual experience. The most significant changes included lowering the assumed annual investment rate of return from 8.0% to 7.65% and the adoption of the above mortality tables. The changes in assumptions recorded as deferred inflows and outflows of resources were due to these changes from the actuarial experience study.

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates rates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in MOSERS target asset allocation as of June 30, 2016 are summarized in the following table:

<u>Asset Class</u>	<u>Policy Allocation</u>	<u>Long-term Expected Real Rate of Return *</u>	<u>Weighted Average Long-Term Expected Real Rate of Return</u>
Beta Balanced	80.0%	5.7%	4.6%
Illiquids **	<u>20.0%</u>	<u>7.3%</u>	<u>1.5%</u>
	<u>100.0%</u>		<u>6.1%</u>

* Represent best estimates of geometric rates of return for each major asset class included.

** Illiquid portfolio upper limit of 27.5% of capital, no new commitments past 23%.

Discount Rate

The discount rate used to measure the total pension liability was 7.65%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from employers will be made at required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Commission's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Commission's proportionate share of the net pension liability calculated using the discount rate of 7.65%, as well as what the Commission's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.65%) or 1-percentage-point higher (8.65%) than the current rate:

	1% Decrease (6.65%)	Current Discount Rate (7.65%)	1% Increase (8.65%)
Commission's proportionate share of net pension liability (in thousands)	\$ 19,241	\$ 14,613	\$ 10,732

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued MOSERS financial report.

Payables to the Pension Plan

As of June 30, 2017 and 2016, the Commission had payables of \$43,000 and \$44,000, respectively, to MOSERS included as a component of accrued liabilities due to contribution obligations related to compensation incurred prior to the fiscal year end.

9. Other Postemployment Benefits

In addition to the retirement benefits described in *Note 8*, the state of Missouri provides postemployment health care and life insurance benefits, in accordance with state statutes, to eligible Commission employees who retire and elect to participate. These health care benefits are administered by the Missouri Consolidated Health Care Plan (MCHCP). This plan is a single-employer defined benefit plan in which the Commission participates under a special cost-sharing multiple employer arrangement. MCHCP issues a publicly available financial report that includes financial statements and required supplementary information for MCHCP. That report may be obtained by writing to the Missouri Consolidated Health Care Plan, 832 Weathered Rock Court, P.O. Box 104355, Jefferson City, Missouri 65110-4355, or on their website at www.mchcp.org. There are currently 25 Commission retirees enrolled for health care benefits. The life insurance benefits are administered by MOSERS. The eligible number of retirees for MOSERS for life insurance benefits is 73. Health care benefits are funded through both employer and retiree contributions. MOSERS' life insurance benefits are funded through employer contributions. Insurance policies are purchased for life insurance benefits and are the liability of the insurance carrier. For each year of retirees' service, the State will pay 2.5% of the monthly health care premium, up to a maximum of 65%, subject to State appropriation. The retiree pays the balance of the premiums. To fund the State's portion, during fiscal year 2017, the State assessed a charge that ranged from 4.02% to 4.26% of total employee salary to the Commission. The charge assessed is independent of how many retirees the Commission may have receiving benefits. Expenses for postretirement health care benefits charged to the Commission by the State are recognized when incurred. During fiscal years 2017, 2016 and 2015 expenses of approximately \$229,000, \$209,000 and \$204,000, respectively, were recognized for postretirement health care benefits, respectively, which represent 100% of the required amount.

10. Commitments, Contingencies and Concentrations

Leases

The Commission rents office space in Kansas City in accordance with a ten-year lease and St. Louis in accordance with an 11-year lease. These leases are accounted for as operating leases. Lease expenditures for the years ended June 30, 2017 and 2016 were \$855,000 and \$791,000, respectively. Future minimum lease payments for these leases are as follows (in thousands):

<u>Year</u>	<u>Amount</u>
2018	\$ 637
2019	652
2020	665
2021	682
2022	697
2023-2027	2,625
	<u>\$ 5,958</u>

Federal Programs

The Commission participates in various federal grant programs, primarily with HUD. In addition to an annual financial audit, the Commission is also subject to program audits, as deemed necessary by its federal grantor agencies that may result in disallowed costs to the Commission. The Commission's management does not believe such audits would result in any disallowed costs that would be material to the Commission's financial position at June 30, 2017.

Litigation

From time to time, the Commission may be a defendant in legal actions related to its programs and operations. While the final outcomes of these legal actions vary, management is of the opinion that the ultimate liability, if any, will not have a material effect on the Commission's financial position.

Other

The Commission is the administrator of the Project-Based Section 8 program in the State. This contract, which terminates December 31, 2017, resulted in \$145,715,000 and \$143,117,000 in housing assistance payment revenue and expense activity for the fiscal years ended June 30, 2017 and 2016, respectively. HUD may extend the current contract and is expected to competitively bid this program administration at a future time.

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to the Financial Statements (*Continued*)

The Commission is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Commission carries commercial insurance. In addition, the Commission carries commercial insurance for workers' compensation. The Commission retains risk of loss; however, there have been no settlements which exceeded insurance coverage in the last three years.

The Commission has committed to mortgage loans funded by the operating fund net position of \$71,498,000 that have not been disbursed as of June 30, 2017.

11. Subsequent Events

During the current year the Commission authorized Single Family Mortgage Revenue Bonds to provide funding for the Commission's First Place Homeownership Program. In accordance with this authorization, the Commission's 2017 Series B bonds totaling \$54,241,000 were sold and delivered in August 2017.

12. Future Accounting Pronouncement

In June 2015, the GASB issued Statement No. 75 *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which will require governments providing defined benefit plans for other postemployment benefits (OPEB) to recognize their long-term obligation for benefits as a liability for the first time, and will expand required disclosures. This statement will be effective for the Commission's fiscal year ending June 30, 2018. The Commission has not yet determined the effect that the adoption of this Statement will have on its financial statements.

Changes of Benefit Terms or Assumptions

Change in benefit terms. There were no changes to benefit terms in the plan for the year ended June 30, 2016.

Change in assumptions. Economic and demographic assumptions were updated by the Board of Trustees on July 16, 2016 to be first effective for the June 30, 2016 valuation. The most significant changes to these assumptions were the reduction of the investment return assumption from 8 percent to 7.65 percent and the adoption of new mortality tables. Mortality rates for post-retirement mortality are now based on the RP-2014 Healthy Annuitant mortality table, projected to 2026 with Scale MP-2015 and scaled by 120%. The pre-retirement mortality table used is now the RP-2014 Employee mortality table, projected to 2026 with Scale MP-2015 and scaled by 95% for males and 90% for females.

**Independent Auditors' Report on Internal
Control Over Financial Reporting and on
Compliance and Other Matters Based on an
Audit of Financial Statements Performed in
Accordance with *Government Auditing Standards***

The Commissioners
Missouri Housing Development Commission
Kansas City, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Missouri Housing Development Commission as of and for the years ended June 30, 2017 and 2016, and the related notes to the financial statements, which collectively comprise the Missouri Housing Development Commission's basic financial statements, and have issued our report thereon dated September 13, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Missouri Housing Development Commission's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Missouri Housing Development Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Missouri Housing Development Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Missouri Housing Development Commission's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditors' Report on
Compliance for Each Major Federal Program and
Report on Internal Control Over Compliance
Required by the Uniform Guidance**

The Commissioners
Missouri Housing Development Commission
Kansas City, Missouri

Report on Compliance for Each Major Federal Program

We have audited the Missouri Housing Development Commission's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Missouri Housing Development Commission's major federal programs for the year ended June 30, 2017. The Missouri Housing Development Commission's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Missouri Housing Development Commission's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Missouri Housing Development Commission's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Missouri Housing Development Commission's compliance.

Opinion on Each Major Federal Program

In our opinion, the Missouri Housing Development Commission complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

Report on Internal Control Over Compliance

Management of the Missouri Housing Development Commission is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Missouri Housing Development Commission's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Missouri Housing Development Commission's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weakness. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

MISSOURI HOUSING DEVELOPMENT COMMISSION
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
June 30, 2017

1. Organization

The accompanying schedule of expenditures of federal awards presents the activity of all federal award programs of Missouri Housing Development Commission (the Commission) for the year ended June 30, 2017. All federal awards received directly from federal agencies, as well as federal awards passed through other governmental agencies, are included on the schedule.

2. Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the Commission and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

3. Indirect Cost Rate

The Commission has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

4. Additional Audits

Grantor agencies reserve the right to conduct additional audits of the Commission's grant programs for economy and efficiency and program results which may result in disallowed costs to the Commission. However, management does not believe such audits would result in any disallowed costs that would be material to the Commission's financial position at June 30, 2017.

MISSOURI HOUSING DEVELOPMENT COMMISSION

Notes to Schedule of Expenditures of Federal Awards (*Continued*)

5. Loan Programs

The Commission participates in the Section 538 Rural Rental Housing Guaranteed Loans program (7 C.F.R. pt.3565 (2008)) (CFDA No. 10.438), under which the Rural Housing Service (RHS), Department of Agriculture (USDA) provides credit enhancements to encourage lending for affordable rental properties that meet program standards. The USDA has assumed 90% of the risk in one loan closed and funded by the Commission in previous years, which amounted to \$203,000 at June 30, 2017.

Certain mortgage loans of the Commission are insured by the U.S. Department of Housing and Urban Development (HUD) under Section 221(d)(3) and (4) Multifamily-Market Rate Housing program (12 U.S.C. 17151(d)(3),(4) (2006)) (CFDA No. 14.135) which insures lenders against loss on mortgage defaults for market rate rental projects. The Commission services these loans and the balance at June 30, 2017 is \$3,489,000.

The Commission participates in the Section 542(c) Risk Sharing Program (24 C.F.R. pt.226 (2008)) (CFDA No. 14.188), under which HUD provides credit enhancements for multifamily housing project loans. HUD and the Commission share in the risk of loss on the mortgage. HUD has assumed 50% of the risk in these loans. HUD's assumed risk approximated \$64,428,000 at June 30, 2017.

6. Undisbursed Cash

Analysis of undisbursed cash at June 30, 2017, was as follows (in thousands):

Independent Auditors' Report

The Commissioners of the Missouri
Housing Development Commission
Missouri Housing Trust Fund
Kansas City, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of the Missouri Housing Trust Fund as of and for the years ended June 30, 2017 and 2016, and the related notes to the financial statements, which collectively comprise the Missouri Housing Trust Fund's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Missouri Housing Trust Fund as of June 30, 2017 and 2016, and the results of its operations and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 5 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the management's discussion and analysis in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Years Ended June 30, 2017 and 2016

Management's discussion and analysis of the Missouri Housing Trust Fund's (Trust Fund) financial performance provides an overview of the Trust Fund's financial activities for the fiscal years ended June 30, 2017 and 2016. Please read it in conjunction with the Trust Fund's financial statements and accompanying notes.

Introduction - Missouri Housing Development Commission

The Missouri Housing Trust Fund was created by the Missouri State Legislature in 1994 to help meet the housing needs of very low income Missourians. The Missouri Housing Development Commission (the Commission) administers the Trust Fund, which provides for a variety of housing needs, such as emergency home repair, emergency rent, mortgage or utility payments, acquisition, rehabilitation or new construction of housing facilities and related services for very low income families and individuals.

Overview of the Financial Statements

This annual financial report consists of management's discussion and analysis and the financial statements, including notes to the financial statements. The Trust Fund maintains its financial records on the accrual basis of accounting.

2017 Financial Highlights

- Total assets were \$3.4 million at June 30, 2017, an increase of 5.0% from 2016. This increase resulted from an increase in recording fee revenue and decrease in the volume of grants in fiscal year 2017.
- Net position increased 9.9% during fiscal year 2017.
- Recording fee revenue was \$3.2 million in fiscal year 2017, an increase of 4.2% from 2016. This increase in fee revenue resulted from increased real estate document filings.
- Grants totaled \$2.8 million in 2017, a decrease of 24.3% from 2016, resulting from the timing of housing program expenses.

2016 Financial Highlights

- Total assets were \$3.3 million at June 30, 2016, a decrease of 17.4% from 2015. This decrease resulted from a decrease in recording fee revenue and the volume of grants in 2016.
- Net position decreased 19.0% during fiscal year 2016.
- Recording fee revenue was \$3.1 million in fiscal year 2016, a decrease of 4.7% from 2015. This decrease in fee revenue resulted from decreased real estate document filings.
- Grants totaled \$3.8 million in 2016, a decrease of 3.2% from 2015.

MISSOURI HOUSING TRUST FUND

NOTES TO FINANCIAL STATEMENTS

June 30, 2017 and 2016

1. **Nature of Operations and Summary of Significant Accounting Policies**

The Missouri Housing Trust Fund (Trust Fund) is authorized by Section 215.034, RSMo to financially assist, by loans or grants, the development of housing stock and to provide housing assistance for persons and families with income at or below specified levels. The Trust Fund is administered by and reported as a fund of the Missouri Housing Development Commission (the Commission), which is the housing finance agency for the state of Missouri.

The following is a summary of the more significant accounting policies of the Trust Fund.

Basis of Accounting

The Trust Fund maintains its financial records on the accrual basis of accounting.

The Trust Fund's financial statements have been prepared on the basis of Governmental Proprietary Fund concept of the Governmental Accounting Standards Board (GASB). The Governmental Proprietary Fund concept is utilized when financial activities are operated similarly to private business enterprises and financed through fees and charges.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of reporting cash flows, cash and cash equivalents include cash on hand and on deposit and temporary investments with an original maturity of three months or less.

Classification of Revenues

Revenues and expenses are typically divided into operating and nonoperating items. Operating revenues generally result from providing services in connection with the Trust Fund's principal ongoing operations. The principal operating revenues of the Trust Fund are derived from recording fees and interest income from investments. Operating expenses consist primarily of grants. All revenues and expenses not meeting these definitions would be reported as nonoperating revenues and expenses. The Trust Fund has no nonoperating activities.

Net Position

Net position represents the difference between assets and liabilities in the Trust Fund's financial statements. The Trust Fund's net position is restricted to use as authorized by Section 215.034-215.038, RSMo, the Trust Fund enabling legislation.

2. Investments

Investments may include Federal Home Loan Bank (FHLB) term deposits and bank certificates of deposit reported at cost and U.S. government and agency securities reported at fair value.

Investment Policy

The Commission administers the Trust Fund in accordance with Chapter 215 of the Missouri State Statutes. Section 215.034 RSMo directs the State Treasurer to allocate all moneys in the Missouri Housing Trust Fund to the Commission for disbursement and investment as directed by the Statute. Chapter 215 permits the Commission to invest any funds not required for immediate disbursement in obligations of the state of Missouri or of the United States government or any instrumentality thereof, or bank certificates of deposit. At June 30, 2017 and 2016, all of the Trust Fund's investments were in compliance with the state statute.

Investment Types and Maturities

The Commission categorizes the Trust Fund's fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

MISSOURI HOUSING TRUST FUND

Notes to Financial Statements *(Continued)*

The Trust Fund's recurring fair value measurements consist of U.S. government agency securities, all of which mature in less than one year, valued using a multi-dimensional relational pricing model (Level 2 inputs). These securities totaled \$2,597,000 and \$2,693,000 as of June 30, 2017 and June 20, 2016, respectively.

Credit Risk

The Trust Fund's investments in U.S. government securities are rated in the highest rating category by Moody's Investor Services (Aaa) and AA+ by Standard & Poor's.

Concentration of Credit Risk

State statute places no limit on the amount the Trust Fund may invest in any one permitted issuer. The following table lists investments in issuers that represent 5% or more of total U.S. government and agency investments at June 30, 2017 and 2016:

Issuer	Percent of Total Investments	
	2017	2016
Federal Home Loan Mortgage Corp	42%	-
Federal Home Loan Bank	35%	89%
U.S. Treasury	23%	-
Federal Farm Credit Bank	-	11%

Custodial Credit Risk

The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. Protection of the Trust Fund's deposits of \$830,000 is provided by the Federal Deposit Insurance Corporation, and by eligible securities pledged by the financial institution. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. In accordance with its policy, the Trust Fund addresses custodial credit risk by pre-qualifying institutions with which the Trust Fund places investments, diversifying its investments portfolio and maintaining a standard of quality for its investments.

3. Revenue from the State of Missouri

In accordance with Section 215.034, RSMo, the state of Missouri distributes to the Trust Fund a \$3 recording fee collected by the Missouri county recorders for each real estate related document filing.

4. Administrative Expenses

The Trust Fund reimburses the Commission for administrative costs not to exceed 2% of Trust Fund revenues.

5. Commitments

At June 30, 2017 and 2016, the Trust Fund has outstanding program commitments of approximately \$2,590,000 and \$1,707,000, respectively. These commitments represent Trust Fund grants that were approved prior to year end for which disbursements will be made in subsequent fiscal years.
