The Missouri Housing Development Commission (MHDC) is requesting quotes for professional services to install a new EMC Celerra NS-120 SAN/NAS as well as migrate our existing data from an EMC CX300 SAN to the new platform. The services listed below must be included in your response.

### Information:

- MHDC currently has a EMC CX300 SAN with approximately 7TB of data.
- Data types to migrate include:
  - Exchange Information Stores
  - SQL Databases
  - EmailXtender databases
  - VMFS Volumes
  - File Share Data

### Items to Quote:

1. Racking and initialization of (1) EMC NS-120 Celerra Platforms in the MHDC's primary datacenter.
2. Install and configure the NS-120 Celerra.
3. Complete the installation using MHDC-provided or new network switching and cabling.
4. Integrate and Configure the Celerra to join existing Brocade Fiber Channel fabrics.
5. Design a migration plan to determine the best method to migrate MHDC's existing LUNs from the current system to the new system.
6. Migrate customers' existing files shares to the NS-120's CIFS share while maintaining existing file permissions.

7. Provide a fully documented process for data migration.
8. Develop a schedule for data migration and cutovers.
9. Provide 'As-Built' documentation of LUNs, Raid Groups, Storage Groups, network settings, etc.
10. Provide knowledge transfer and training of new features specific to the NS-120 that were not present on the CX300.

Note: MHDC is committed to supporting small business enterprises, including socially or economically disadvantaged enterprises such as disadvantaged, women-owned, minority-owned, and Section 3 certified business enterprises in its purchasing programs. Please indicate, if applicable, your participation as any of the small business enterprises listed above.
