Section I: Introductory Information

Missouri Housing Development Commission:

The Missouri Housing Development Commission (“MHDC” or the “Commission”) was established in 1969 in order to increase the availability of decent, safe and sanitary housing at prices within the means of low and moderate income persons. The Commission is a governmental instrumentality of the state of Missouri and a body corporate and politic. The Commission’s authority is derived from Section 215.030, *et seq.*, of the Revised Statutes of Missouri, as amended and supplemented.

The Missouri Housing Development Commission, created by the 75th General Assembly, has invested almost \$4 billion for rental housing developments, preservation of affordable rental housing, home mortgages, home improvement loans, grants to neighborhood housing groups, and other housing programs. MHDC functions as a bank, providing financing directly to borrowers or through a network of private lending institutions.

The Commission makes loans to non-profit and limited-dividend sponsors of residential housing to provide affordable housing for underserved Missourians. The Commission also makes funds available for the purchase of homes for first-time buyers at advantageous terms. The funds for mortgage financing are generally provided through the sale of tax-exempt and taxable notes and bonds that the Commission is authorized to issue. The Commission provides advisory, consultative, training and educational services to non-profit housing organizations.

The Commission also administers the federal Low Income Housing Tax Credit, Missouri Low Income Housing Tax Credit and the Affordable Housing Assistance Tax Credit; and operates a housing trust fund for very low-income Missourians to help prevent homelessness and provide emergency housing assistance.

The Commission receives and administers federal funding for housing, including U.S. Housing and Urban Development programs such as the HOME Investment Partnership Program and Project Based Section 8 Housing Assistance Payments.

The Commission has never filed a claim on its property, casualty, general liability or fidelity insurance policy or coverage.

Selection Process

The Commission anticipates selecting at least two and not more than four respondents to this RFP. The selected brokers will each independently assess the Commission's insurance needs and provide recommendations regarding the appropriate types of insurance for the Commission, the levels of coverage necessary to protect the Commission from reasonable risks, the levels of deductible for each policy to provide the best balance of risk limitation and lower premium and such other factors as the broker shall recommend. The Commission will then determine which of those recommendations to accept and develop the coverage package it wishes to obtain. Each of the selected brokers will then approach the insurance markets to obtain bids from insurers and present those bids to the Commission, which will include full disclosure of the fees and commissions payable to the broker in connection with the policy. The Commission will allocate overlapping markets among the selected brokers, to the extent necessary and appropriate. Based on the bids submitted by each broker, the Commission will select one broker for its insurance coverage.

Those respondents selected to participate in the bidding round under this RFP are not entitled to any consideration for any work performed during the Selection Process under this RFP.

MHDC, may after receiving all responses to this RFP, choose not select any respondent(s) for participation in either the bidding phase or the final award phase of RFP process.

**Initial Selection
Criteria for Brokers**

The selection of the two to four respondents will be based on multiple factors including:

1. The personnel assigned to MHDC's account;
2. The firm's experience with similar governmental and financial institutions;
3. The financial strength and protection offered by each respondent;
4. Demonstrated access to domestic and international markets,
5. Availability of claims personnel and technology available to assist the Commission;
6. References provided to MHDC;
7. Demonstrated understanding of the scope of services sought; and
8. Such other factors as the Commission may deem appropriate after completing its review of the proposals.

**Final Selection
Criteria for Broker
and Policies**

In addition to the selection criteria listed above under “Initial Selection Criteria for Brokers”, MHDC will base its selection of the broker or brokers whose insurance coverage bid it will accept based on:

1. Its interaction with representatives of the selected firm(s) during the assessment process;
2. The relative cost of the insurance bids obtained by it and the financial strength of the firms providing those bids;
3. The creativity and problem solving exhibited during the assessment and bid process; and
4. Any other factors the Commission shall deem appropriate based on the circumstances at that time.
